Product Phase-Outs – Mobile Communication Base Station Antennas and Filter Products

We hereby wish to give you advance notification of the phase-out of certain Kathrein antenna and filter products. All phased-out types will be available on request until the end of 2015 unless otherwise announced. The last orders for the listed types should be placed **until 30th of September 2015**.

The phase-outs will take place by the end of 2014. The list below shows all phased out products which will also be removed from the new 2015 product catalogue for mobile communications. Possible replacements or alternatives are indicated.
